GETS YOU WHAT YOU WANT MOST

You finally get what you've wanted for decades while compromising on issues you care less about.

UNITES AMERICA

Unites the left, right and center behind mutually acceptable common sense solutions.

NATIONAL LEGISLATION

Covers all issues, all states and all citizens.
Is not easily changed back.

SOLVES ALL OUR MODERN PROBLEMS

Keeps 90 % of our foundations and rights intact.
Adds modern solutions our old Constitution lacks.

ALL ELSE HAS FAILED

If candidates, nonprofits, and marches were going to solve our problems, they would have by now.

POLLING IS POWER

If celebrities tell their followers; nonprofits, their members; and voters, their friends and families, the polling numbers will force politicians to ratify it or not be (re)elected.

FULFILLS ALL MISSIONS AT ONCE

Nonprofits, celebrities and voters combine power, focus it on a single common goal, ratification, and fulfill ALL their missions at once.

ENDS THE DIVIDE

Puts ALL Americans at the negotiating table.

SPEAKS POWER TO POWER

Allows voters to dictate solutions to politicians.

AMENDING IS CONSTITUTIONAL

Ratification simply uses the amendments clause

NO MORE TIME

Our politicians are too stalemated and corrupt to pass piece by piece all the legislation we need.
It took Valentine 55,000 hours over 45 years.
